

Horsens April 11 2005

## **Recommendation for Danielle McDavis.**

Danielle McDavis has been employed here at Chemitalic A/S from 12 January 2004 to 29 April 2005.

Danielle has been working in several places in the production but has since 26 April 2004 only been employed in the department of AOI testing. She has been working both day shifts and night shifts.

Danielle has always been very fast at learning new things and has always shown an interest in getting to learn new things. This has made it very easy to give Danielle new tasks which she has not tried before and she does it with a smile on her face.

If extra work needs to be done Danielle is always there to give a helping hand even if she has not tried it before. She always approaches a task with a positive attitude which helps motivate her colleagues. She is very stable and reliable. She has had an insignificant number of days off and during the period she has been employed here at Chemitalic A/S.

She is very well liked by her fellow colleagues and her great spirit has a positive effect on her surroundings.

It is with great regret that we have to say goodbye to Danielle but we wish her the best of luck in the future.

It is with pleasure that we are prepared to elaborate on the recommendation if necessary.

Yours sincerely  
GPV Chemitalic A/S

Manager of the AOI Department.
